

MADELEINE DIETRICH

ART EDUCATOR AND CERAMIST

Phone: (513) 344-9950 Email: dietrichmaddie22@gmail.com

As an Art Educator my goal is to help students gain confidence, motor skills, and connect art to their lives. My goal is to teach students how to use artmaking skills and creativity to make art that relates to students' core classes to excel in their education and life outside of school. Along with being an art teacher I am a ceramic artist creating art that speaks to people on a deeper level while connecting nature to human relations.
